Manager Message

Dear Valued Customers, Partners, and Team Members,

As the GM of Saudi Archidon Company, it is both an honor and a privilege to connect with you directly. At SAC, we are driven by a singular vision to innovate and excel in everything we do. Our commitment to excellence is reflected in our services, and it is our mission to deliver exceptional value to our customers while fostering a culture of integrity and collaboration within our organization.

We prioritize understanding our clients unique needs. We build trust-based, collaborative relationships with our clients and industry partners. Backed by extensive experience, our strengths in Quality, Health, Safety & Environment along with our Certified Integrated Management System ISO 9001:2015, ISO 14001:2015, ISO 45001:2018 provide a solid foundation for client confidence. This is what sets us apart and what helps us provide continuous customer satisfaction, win repeated business and establish long-term business connections.

Over the years, we have faced numerous challenges and celebrated many successes. Each experience has taught us valuable lessons and has strengthened our resolve to continue pushing boundaries and striving for greatness. Our dedicated team is the cornerstone of our achievements, and their passion and expertise inspire us daily.

As we look to the future, we remain focused on our core values of innovation, customer satisfaction, and sustainability. We are excited about the opportunities that lie ahead and are committed to building lasting relationships with our stakeholders. Whether you are a customer, partner, or part of our team, we value your support and look forward to working together to achieve new milestones.

We invite you to explore our offerings, learn more about our initiatives, and connect with us. Your feedback and engagement are vital to our success, and we are eager to hear from you.

Warm regards,

C. Mohankumar

General Manager, Saudi Archidon Contracting Co.

About Company

Welcome to Saudi Archidon Contracting Co.!

At SAC, we believe in transforming the future through our services. Our mission is to empower businesses by delivering subcontracting services that drive efficiency, foster creativity, and unlock new opportunities.

What We Do

Saudi Archidon company is a World-class business initiated by a team of experienced professional, based in Jubail, Eastern Region of Saudi Arabia. We specialize in Engineering and Construction for Civil, Specialized Services, Mechanical & Electrical to meet the unique needs of our clients. It aims to provide a world class industrial experience to its clients from the Kingdom of Saudi Arabia and all over the world.

Our Approach

Our approach is rooted in a commitment to excellence and client satisfaction. We adhere to the highest standards of quality, safety, and compliance, ensuring that every project is completed on time and within budget. Our experienced team of engineers, project managers, and construction professionals work collaboratively to tackle complex challenges and deliver outstanding results.

Meet the Team

Our success is driven by a team of skilled professionals who bring a wealth of experience and expertise to each project. Our team's diverse background in engineering, construction management, and project coordination allows us to approach each project with a comprehensive understanding and a commitment to quality

Vision ↙ & Mission

Mission

To become the top construction company by continually producing projects that exceed global standards and provide outstanding customer service. To consistently provide outstanding value and innovative solutions to our consumers, Saudi Archidon Company anticipates always being the preferred choice, both nationally and internationally, for their known excellence, quality, performance, and dependability in all types of structures, using current concepts and sophisticated technology.

Vision

To provide high quality, safety and reliability for wide range of products & services through our highly skilled & dedicated employees and State of the Art Production Facility. Our philosophy is putting our trust in our employees and our valued customers have proven to be the cornerstone of our success. Our clients' mutual trust has resulted in the delivery of excellent services and the attainment of entire solutions. On behalf of the Saudi Archidon Company, we'd like to express our gratitude for their continued trust in our abilities. We pledge to keep delivering quality solutions while exceeding our goals.

Core Values

Our Values specify how we should behave in relationships with our clients, coworkers, societies, and other stakeholders. It gives Saudi Archidon's workers practical advice on how to live according to our values.

- **Integrity:** We conduct our business with the highest ethical standards, fostering trust and transparency in every project.
- **Excellence:** We are dedicated to achieving excellence in every aspect of our work, from design and planning to execution and maintenance.
- **Safety:** The safety of our team, clients, and the public is paramount. We implement rigorous safety protocols to ensure a secure working environment.
- **Sustainability:** We are committed to sustainable construction practices that promote environmental stewardship and long-term viability.
- **Customer Success:** Our clients are at the heart of everything we do. We are committed to understanding their needs and delivering exceptional service.
- **Collaboration:** We believe in the power of teamwork and work closely with our clients to achieve shared goals

Our Services

Civil Construction

Civil construction is essential for developing the infrastructure that supports daily life and drives economic growth. We have been capable of supporting our customer's infrastructure with greater flexibility and efficiency. It is our practice to execute the projects undertaken within the time frame. We are always ready to assist our customers in realizing and executing even the most complex civil construction projects with solid planning and timely intervention. SAC Civil Construction includes the following:

Commercial Construction

"The best way to predict the future is to build it."

SAC commercial construction encompasses a wide range of projects including office buildings, retail stores, industrial complexes, and hospitality venues. The primary goal of commercial construction is to create functional, safe, and aesthetically pleasing spaces that meet the specific needs of businesses. From residential complexes to commercial spaces, we create urban environments that meet modern needs while enhancing livability. It includes but not limited to:

- ▶ **Housing Compounds Construction**
- ▶ **Mosques**
- ▶ **Commercial Buildings**

Industrial Construction

"The Success of an industrial project is measured by its ability to stand the test of time and function flawlessly"

Industrial construction focuses on the design and building of structures, foundation for tanks, vessels, and equipment used for manufacturing, production, warehousing, and distribution. The primary aim is to create efficient, durable, and scalable facilities that meet the operational needs of businesses in various industries. Industrial Construction Services at SAC includes:

- ▶ **Plant Construction**
- ▶ **Industrial Building Construction**
- ▶ **HDPE lining & Piping Works**

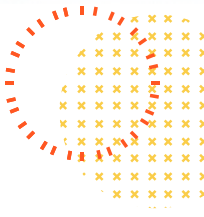

Infrastructure Works

"Strong infrastructure supports strong communities."

SAC Infrastructure works encompass the design, construction, and maintenance of essential systems and structures that support the functioning of society and the economy. These projects include transportation networks, utilities, public facilities, and environmental management systems. The goal is to create and maintain the foundational elements necessary for communities to thrive and grow. It includes:

- ▶ **Earth Works**
- ▶ **Asphalt Paving**
- ▶ **Rip Rap Works**

Specialized Services ↙

A team of highly skilled professionals who were trained to access specialized equipment & materials that meets with all safety standards and ability to work closely with client specific needs and requirements made our specialized service division more efficient. SAC specialized services include but are not limited to:

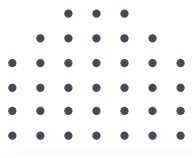

Insulation Services

"Good insulation is the silent hero of energy efficiency, keeping the comfort in and the cost down."

We are proficient in developing & fitting insulation through various studies & experience. It is our practice to execute the projects undertaken within the time frame. The insulation services we use for energy conservation of industries are reliable and long lasting as they are innovative, advanced technological and modern in applications. It includes the following services:

- ▶ **HOT Insulation Services**
- ▶ **COLD Insulation Services**
- ▶ **ACOUSTIC Insulation Services**

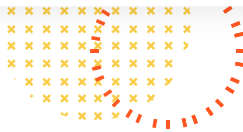

Sand Blasting & Painting Services

"Sandblasting is the art of revealing the true surface beneath, one blast at a time."

We work with excellence in Blasting, Surface Preparation, Coating while maintaining high quality and ecofriendly solutions. To that end, proper procedures, equipment and facilities are in place to support a dynamic workforce monitored by our painting inspectors and quality engineers. Our approach to all projects is with the fundamental objective of extending the useful life of our customer's industrial and commercial assets. Our full scope of service related to Sand blasting & Paintings are:

- ▶ Abrasive Blasting
- ▶ Epoxy Coating Systems
- ▶ Polyurethane Coating Systems
- ▶ Epoxy Coating Systems
- ▶ Alkyd Enamel Coating System
- ▶ Aluminum-Pigmented Alkyd Coating System
- ▶ Chlorinated Rubber Coating System
- ▶ Bituminous Paint
- ▶ High temperature coating systems

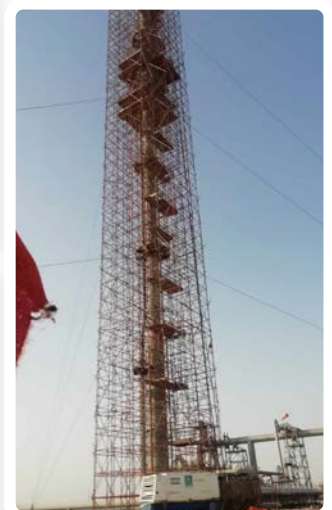

Scaffolding Services

"Every great structure starts with a solid scaffold, the unsung hero of construction that makes reaching higher possible."

SAC offers wide range of scaffolding services including erection & dismantling of scaffolding for Steel structures, Tanks, Vessels, Buildings, Pipe Racks. Types of Scaffolding are:

- ▶ Single Scaffold
- ▶ Tower Scaffold
- ▶ Suspended Scaffold

Mechanical ✓ Construction

Mechanical construction is crucial for the efficient operation and safety of infrastructure. It requires meticulous planning, skilled installation, and ongoing maintenance to ensure systems perform reliably and meet both operational and regulatory standards. A team of highly skilled professionals who were trained to access specialized equipment & materials that meets with all safety standards and ability to work closely with client specific needs and requirements, made our mechanical division more efficient. SAC Mechanical Division services include:

Piping

"In the complex web of industry, piping is the lifeline that ensures every drop and flow reaches its destination"

Piping construction is a critical aspect of infrastructure and facility operations, ensuring the safe and efficient transport of various fluids. It requires careful planning, precise installation, and regular maintenance to ensure system reliability and compliance with safety and regulatory standards.

Piping Services at SAC:

- ▶ Pipeline Fabrication
- ▶ Pipeline Installation
- ▶ Hydrotesting
- ▶ Welding, Pipe fittings
- ▶ Pipe Support Fabrication & Installation

Tank Fabrication & Erection

"Fabricating a tank is about more than just metal; it's about creating a reliable vessel for countless applications."

Tank fabrication is essential for creating storage solutions that are reliable, safe, and efficient. The process involves meticulous design, skilled fabrication, and rigorous testing to ensure that tanks meet the specific needs of various industries while adhering to safety and regulatory standards. Tank

Services at SAC:

- ▶ Tank Welding & Fabrication
- ▶ Tank Erection

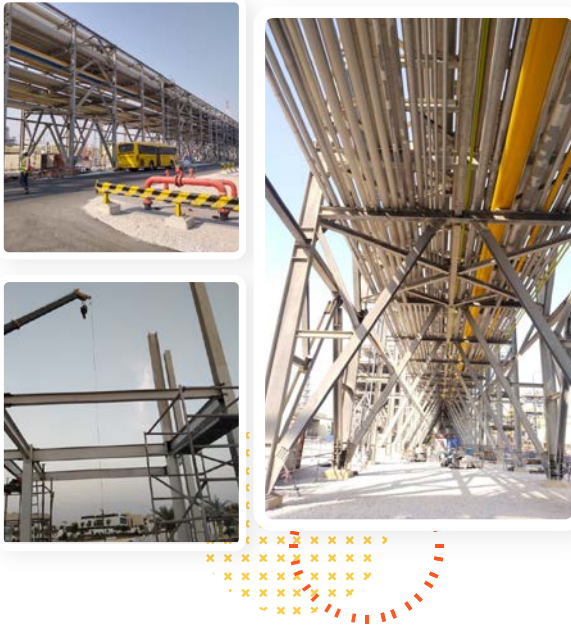

Steel Structures

"Are you a steel beam? Because you've got the strength to hold up my world."

Steel structures play a crucial role in modern construction due to their strength, flexibility, and efficiency. The process involves precise design, skilled fabrication, and careful erection, all while adhering to safety and regulatory standards. Regular maintenance and inspection are essential to ensure the longevity and safety of steel structures. SAC Structural Steel Services includes but not limited to:

- ▶ Steel Structure Fabrication
- ▶ Steel Structure Installation
- ▶ Steel Structure Erection

Electrical Construction

Electrical works are fundamental to the functionality and safety of modern buildings and infrastructure. The process involves careful design, precise installation, thorough testing, and ongoing maintenance to ensure that electrical systems operate efficiently and meet safety standards. Proper planning and adherence to codes and regulations are essential to successful electrical works. SAC Electrical Division services include:

HV-LV-MV Cable Laying, Glanding & Termination

Panel Installation, Termination

Equipment installation, Termination

ARAMCO ✓

Approval

Saudi Aramco E-Reference No. 0006226

Registration Approval Letter

March 23, 2023

Attention : SAUDI ARCHIDON CONTRACTING COMPANY

CR Number : 2055130751
Supplier Type: Service Provider Only
Country : Saudi Arabia

We are pleased to inform you that SAUDI ARCHIDON CONTRACTING COMPANY is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10110032, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

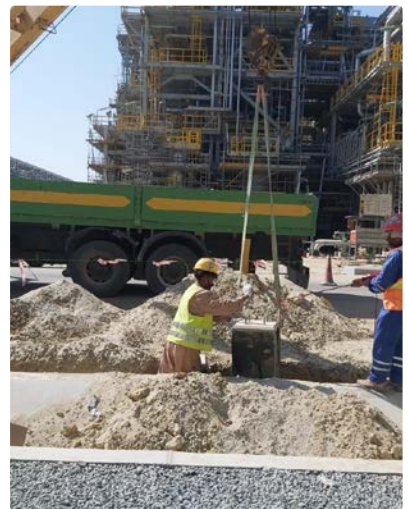

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
